PROFESSIONAL WINDSHIELD REPAIR & HEADLIGHT RESTORATION PRODUCTS

THE CHOICE OF TECHNICIANS WORLDWIDE

THE SOURCE FOR WINDSHIELD REPAIR PRODUCTS

CERTIFIED TRAINING

Delta Kits windshield Repair training is a hands-on, intensive, one day course designed to take your repair quality to the next level. Whether you are just starting out or are a seasoned pro, this class is right for you!

Our team of experienced technicians are dedicated to offering the highest standard of training in the windshield repair industry. During the Delta Kits Training and Certification course, technicians are trained to follow ROLAGS (Repair of Laminated Auto Glass Standards), the industry’s best practices. We cover all technical aspects of windshield repair – you’ll go from never having completed a repair to being among the best technicians in the industry. Also included is a marketing and insurance billing discussion that is designed to help you become more successful in your windshield repair business.

Training classes are offered at our headquarters in Eugene, Oregon throughout the year. For customized class options, give us a call to discuss.

EXPERIENCE THE DELTA DIFFERENCE

Thank you for your interest in Delta Kits' professional windshield repair and headlight restoration products. Delta Kits has many satisfied customers around the world, and we appreciate the opportunity to show you why. Delta Kits is, and always has been, at the forefront of the market since the company's inception in 1984. We do this by selling only the highest quality products in the industry and backing that up with exceptional service and support.

Thanks again and I hope you enjoy our product.

Brent Deines, President

QUALITY PRODUCTS

Our industry leading tools, resins, and equipment are preferred by professional windshield repair and headlight restoration technicians worldwide and are respected for quality, durability, and ease of use.

PROVEN RESULTS

Used by over 10,000 customers in over 75 countries, our windshield repair and headlight restoration products are highly profitable with low up-front and marginal cost. If you're not satisfied, we also provide a 30-day money-back guarantee.

INDUSTRY EXPERTS

Our team of award-winning windshield repair experts have almost 75 years combined experience as educators, technicians, and leaders in the industry - setting a standard of excellence for auto glass repair.

36021 EZ-450D MOBILE PRO

This value-packed, top-of-the-line windshield repair system from Delta Kits gives you more resin, more polish, more razor blades, and more equipment and accessories than any other windshield repair system in its price range, including our moisture evaporator, hood protector, and more. Best of all, you save more money in the long run with enough supplies to complete up to 200 repairs vs the 100 or less repairs in our other windshield repair systems.

26085 Pkg of 5
26090 Pkg of 100

15260 ELITE PLUS CORDLESS UV LED LIGHT

This long lasting, lightweight, cordless and rechargeable UV LED curing light contains a lithium polymer battery that with a full charge will cure over 50 repairs. Complete with nylon braided cord and fuse-protected 12V plug. Perfect for mobile technicians.

15250 ELITE UV LED LIGHT

Constructed of a sleek, aluminum body design with an anodized coating, this is more durable, longer-lasting, and 3 times faster than competitive models. Features ultra-secure replaceable suction cups, 10' nylon braided cord, and a fuse-protected 12V plug.

15230 IGNITE COMBO

The complete package of power and easy-to-use operation for small damage curing that includes:

- 15200** Ignite Light 6V LED
- 16150** Ignite Mount
- 16160** Battery Charger
- 16170** Two 3.7V Rechargeable Lithium Ion Battery (2)

15400 INSPECTION LIGHT WITH BATTERY CHARGER

Non-UV light source and power in one unit. 12V 5.2 amp cigarette lighter output power supply and two USB charging ports plus a built-in 8-diode 768 lumens LED inspection light. Power your Delta Kits Moisture Evaporator, the Elite XL and Elite UV Lamps. Charge your cell phone, Delta Kits Mini Rotary Tool, Elite Plus UV lamp and more.

15200 IGNITE LIGHT, 6V

This ultra-durable and lightweight UV LED flashlight provides the perfect combination of power, size, and easy-to-use operation.

16160 BATTERY CHARGER

Digital battery charger for the 16170 Ignite Rechargeable Lithium Battery. The Ignite Quick Battery Charger charges two batteries at once. Discharged battery will take approximately 2.2 hours to recharge.

16150 IGNITE MOUNT

Powerful 2.5" diameter vacuum cup and clamp.

15270 ELITE XL UV LED LIGHT

Ideal for curing long cracks, Elite XL has the most curing coverage in its class. Containing 14 UV LED diodes and featuring 6 replaceable ultra-secure suction cups, a fuse-protected 12V plug, and a 10' nylon braided cord, this 30 cm long, fast curing UV LED light is sure to impress. Adjustable center suction cup slide attachment for those hard-to-reach cracks.

16000 6" ULTRA VIOLET BLUE 4W

Replacement ultraviolet bulb for 15000, 15010, 15060, 15070

16010 6" ULTRA VIOLET WHITE 4W

Replacement ultraviolet bulb for 15000, 15010, 15060, 15070

16040 6" ULTRA VIOLET WHITE 9W

Replacement ultraviolet bulb 15020, 15030.

16181 IGNITE LED DIODE

Updated, modern aluminum replacement UV LED diode for the Ignite light

22001 SPRING HAMMER

Clean rock chip impact points, accurately measure drilling depth, and pop a perfect mini bullseye to terminate a long crack.

Replacement Parts:

22000 Replacement depth gauge

22010 Replacement tip

22005 SLIDE HAMMER

Clean rock chip impact points, create perfect mini bullseyes to terminate the end of long cracks.

Replacement Parts:

22010 Replacement tip

22675 Replacement cap

22110 SCRIBE, STEEL POINT

The steel point scribe is also used to remove loose glass from the damaged section of the windshield.

Replacement Part:

22115 Replacement tip

22105 DOUBLE END, STEEL POINT

Double ended with nickel plated tempered steel tip used to remove loose glass from the damaged section.

22100 SCRIBE, CARBIDE WITH MAGNET

Carbide Scribe with magnet is used to remove loose glass from the damaged section of the windshield.

22130 CENTERING TOOL

This unique tool is used for centering the injector directly over the impact point.

22050 STAR BREAK MAKER

Used to create star breaks for practice.

22055 BULLS-EYE MAKER

Used to create bullseyes in practice glass.

22250 THICK CURING TAPE 1.50" X 100' X 1.0 MIL

Economical 100' roll covers any length of crack and works on flat windshields as well as curved windshields.

22245 THIN CURING TAPE 1.37" X 50' X 0.5 MIL

This easy tear economical 50' roll covers any length of crack and works on flat windshields as well as curved windshields.

22255 CURING TABS, PACK OF 100

A bit thicker than curing tape, square mylar tabs lay flat and are reusable. 1.375" x 1.375" square.

22260 CURING STRIPS, PACK OF 25

A longer version of the mylar curing tabs that can be used for cracks. 1" x 8".

23000 UV BUBBLE DOME

Shield windshield repairs from UV light with this all-weather bubble dome that provides UV and weather protection.

Replacement Parts:

- 16080** Suction Cup
- 23525** Knob
- 23151** Screw

23005 UV SHIELD, 8" X 16"

Suction cups on all four corners keep the UV sun shield attached while blocking the sun's ultraviolet rays to eliminate premature curing.

Replacement Parts:

- 16080** Suction Cup
- 23525** Knob
- 23151** Screw

24430 MOISTURE EVAPORATOR

Eliminates moisture trapped in most windshield repairs within 20 seconds.

22395 HEAT EXCHANGER

The Heat Exchanger works as a heat sink, removing heat from the glass and transferring it into the tool. Works best when using 22430 Moisture Evaporator.

HOOD PROTECTOR

Extra tough 27" x 70" hood protector, covers from fender to fender on most vehicles

Available in two packaging options:

- 23015** Hood Protector
- 23020** No Logo Hood Protector

23010 BANNER

A great marketing tool, this bright 34" x 72" banner helps you to advertise your windshield repair service.

22275 INSPECTION MIRROR - GLASS

Attaches to the inside of the glass for easy monitoring of repair process from outside of the vehicle. Mirror has 3X magnification.

22265 INSPECTION MIRROR - ACRYLIC

Windshield Repair Inspection Mirror attaches to the inside of the glass to allow monitoring of windshield repair process from outside of the vehicle.

22420 RAZOR BLADE - BOX OF 100

Box of 100 industrial quality single edge razor blades.

22475 RAZOR BLADE HOLDER

Get a firmer grip while removing resins during windshield repairs.

INJECTOR END SEALS

This polishing wheel is used with cerium oxide to remove scratches and wiper marks from glass.

DERMA SHIELD SKIN PROTECTANT

Derma Shield is a modern day solution to solving skin hygiene problems and is a cost-effective, efficient method of providing skin protection for you and your workforce.

FAR MORE THAN JUST A BARRIER CREAM

LIGHT & EASY TO USE – Derma Shield’s laboratory and clinically tested formulation is applied as a mousse and quickly dries, leaving your skin able to breathe and perspire normally.

SAFE & NON-TOXIC – We use only clinically-tested hypoallergenic, steroid- and fragrance-free ingredients, so you can use Derma Shield on any area of the skin with confidence.

MOISTURIZES, NOURISHES, AND LOCKS IN NUTRIENTS – Pharmaceutical grade moisturizers help maintain your skin’s correct hydration levels while its vitamin E and aloe Vera ingredients encourage a healthy, supple, and itch-free outer layer.

ONE APPLICATION LASTS UP TO 4 HOURS – With proper application, Derma Shield is wash-resistant and comes off as your skin sheds naturally.

NON-GREASY FOR NATURAL DEXTERITY DURING WORK – The quick-drying and non-greasy feel leaves your hands free for their normal dexterity and daily routine.

PROTECTS AGAINST IRRITANTS – Provides a microscopic, undetectable protective layer over your skin to help block skin irritants such as windshield repair resins.

INHIBITS ODORS LINGERING ON SKIN – The microscopic protective shield helps repel strong odors from sinking into your skin.

DERMA SHIELD

- 56534** 800 grit Pkg of 50
- 56536** 1200 grit Pkg of 50
- 56540** 1500 grit Pkg of 50

56060 3" POLISHING DISCS

This 3000 grit polishing disc comes in a pack of 30 for use with all Delta Kits headlight restoration systems

OUR CUSTOMERS WRITE ABOUT **THE DELTA DIFFERENCE**

I would like to tell everybody about my experience with Delta Kits. I have made over \$4,000 during my first month in business. I now have a location with great traffic and have had to upgrade to a 2 bridge kit. I have reordered supplies 3 times already, (which is a great problem to have!) Thanks Delta Kits and Korey for helping me make a GREAT living while I am going through the police academy. I am about to open my 2nd location!

— WES G.

I started doing windshields at a car wash and saw the potential in revenue increase drastically. Then I got certified by Delta Kits! Business really took off! The knowledge of windshield repair and headlight restorations has helped me generate over \$60,000 in 6 months in the car wash industry. Thanks to Delta Kits I am proud of the work I do, and not only that, I order my products and resin from them to maintain the quality of work I do. The windshield repair forum is another way to get ideas and tips on how to earn business and to market services. I am grateful to Delta Kits for the certification and training.

— A.J. B.

Simply put, if you are looking for a windshield repair system that uses less resin, costs less, and uses fewer consumable parts, then you should give Delta Kits a try. We tested the double bridge system and would definitely recommend it. It's far more productive and we found it enabled us to strike deals with our customers. We offered a second repair for half price; this meant extra revenue for no extra time. Easy!

— MICHAEL S.

WE WOULD LOVE TO HEAR FROM YOU TELL US YOUR STORY

From visiting the website and having the pleasure of speaking with account executive Korey Gobin, to viewing the how-to videos, and ultimately using the windshield repair system, we knew Delta Kits was “Simply the Best.” You’re always available to help! Our calls and emails are handled promptly without any delay.

Delta Kits’ equipment is of great quality and craftsmanship. The system outperforms others and produces optimal results every repair with simplicity. In addition, there aren’t any hard-to-use or unnecessary pumps and hoses. From the beginning, we knew we were in good hands and we continue to be treated just as if we’re family. We are customers of Delta Kits for life!

Thanks for all the hard work and determination in an extraordinary piece of equipment, and for creating a voice for the Windshield Repair Community with the Windshield Repair Forum. I encourage anyone seeking a career move into the Windshield Repair Industry to choose Delta Kits! You will be pleased and you won’t regret you did it.

— CHAD C.

I purchased the Headlight Restoration system that Delta Kits offers and it makes me look good every day! The quality of the finished product is jaw dropping. I really get that “wow” factor from my customers after I restore their headlights. The system is extremely complete and I have already made my investment back.

— ERIC D.
